L-com offers a wide selection of USB 3.0 cable assemblies off the shelf for same day shipping. Our 3.0 USB cable selection includes USB 3.0 cable assemblies with Type A to Type A, Type A to Type B, Type A to Micro-B, and Type A male to female USB 3.0 Connectors. Custom USB 3.0 cable assemblies are available upon request.

USB 3.0 cable assemblies are used to connect devices such as computers, printers, external hard drives, and smartphones. They offer significantly faster data transfer speeds than USB 2.0 cable assemblies, making them ideal for transferring large files or streaming high-definition video.

L-com's USB 3.0 cable assemblies are made with high-quality materials and construction, ensuring reliable performance and durability. The cables are available in a variety of lengths and colors to meet the needs of a wide range of applications.

Here are some of the benefits of using L-com's USB 3.0 cable assemblies:

- Same-day shipping on off-the-shelf options
- Wide selection of connectors and lengths to meet the needs of any application
- High-quality materials and construction for reliable performance and durability

Here are some examples of how L-com's USB 3.0 cable assemblies can be used:

- Connecting a computer to an external hard drive to transfer large files
- Connecting a printer to a computer for fast printing
- Connecting a smartphone to a computer to sync data or charge the phone
- Connecting a streaming device to a TV to watch high-definition video
- Connecting a security camera to a computer or NVR for recording and monitoring

No matter what your needs are, L-com has a USB 3.0 cable assembly that is right for you. Order your 3.0 USB cables now to receive same business day shipping!
